

Mini Masters: Elements of Art Course

Sibling Policy

We love families! The room capacity for our Mini Masters class is 30 people, so older and younger siblings are welcome to attend free of charge as long as they are not participating in the class. They must be included on the registration form so that we have an accurate headcount.

Free Play Supplies: We will provide some basic art materials for siblings to engage in free play while the class is in session.

However, the main instruction and structured activities will be reserved for registered students.

Parental Supervision: We kindly ask that parents ensure siblings are supervised and respect the learning environment for our Mini Masters artists.

Thank you for understanding, and we can't wait to create together!
